

SOFTWARE DEVELOPMENT AGREEMENT

HI5 PORTAL DEVELOPMENT CONTRACT

This Software Development Agreement ("Agreement") is entered into by and between:

CLIENT

Representative Name: Arlan Bert Villaruel

and

DEVELOPER

Name: Dexter Miranda

Hereinafter referred to as the "Developer".

Both parties hereby agree to the following terms and conditions for the development of the **Hi5 Portal**, a web-based administrative portal intended for Don Servillano Platon Memorial National High School (DSPMNHS).

1. PURPOSE

This Agreement establishes the scope, responsibilities, deliverables, payment terms, and limitations for the development of the Hi5 Portal.

2. SCOPE OF WORK

The Developer shall design, develop, and implement the following modules:

2.1 Enrollment Management Module

- LRN-based student retrieval and auto-population
- Student classification tagging
- Enrollment requirements checklist
- Enrollment status monitoring
- Support for Mainstream/Regular, STE, SPFL, Open High School Program, and ALS-SHS

2.2 Academic Records Management Module

- Manual grade encoding
- Excel-based bulk grade upload
- Automatic General Average computation
- MAPEH grading as separate subjects

- Grade submission tracking

2.3 School Form Generation Module

- SF1 generation
- SF5 generation
- SF9 generation
- SF10 generation
- PDF export functionality

2.4 Auto-Sectioning Module

- Random distribution for regular sections
- Placement assistance for STE and SPFL sections
- Grade 11 to Grade 12 section carry-over
- Manual section assignment for ALS-SHS and Open High School students

2.5 User Management and Role-Based Access Control

- Administrator access
- Registrar access
- Teacher access
- Principal access

2.6 Dashboard and Reports

- Enrollment statistics
- Grade submission monitoring
- At-risk student monitoring
- Summary reports

2.7 Predictive Analytics Module

- Linear Regression-based prediction
- On Track classification
- Needs Monitoring classification
- At-Risk classification

3. RESPONSIBILITIES OF THE DEVELOPER

The Developer shall:

1. Design and develop the system based on the approved requirements.
 2. Perform internal testing before deployment.
 3. Correct bugs discovered during the development period.
 4. Provide technical documentation and user manuals.
 5. Maintain confidentiality of project-related information.
 6. Deliver the agreed outputs within the mutually agreed timeline.
-

4. RESPONSIBILITIES OF THE CLIENT TEAM

The Client Team shall:

1. Provide complete and accurate requirements.
 2. Designate representatives for communication and approvals.
 3. Review and approve submitted outputs.
 4. Provide data and documents necessary for development.
 5. Conduct user acceptance testing.
 6. Notify the Developer regarding requested revisions.
-

5. PROJECT DELIVERABLES

Upon completion, the Developer shall provide:

- Complete source code
 - Database schema
 - Technical documentation
 - User manual
 - Installation guide
 - API documentation
 - System testing results
 - Deployment configuration files
-

6. PAYMENT TERMS

The Client Team agrees to compensate the Developer in the total amount of:

PHP 40,000

Payment shall be made according to the following schedule:

Initial Payment – 50%

Fifty percent (50%) of the total project cost shall be paid upon signing of this Agreement and prior to the commencement of development.

Progress Payment – 30%

Thirty percent (30%) of the total project cost shall be paid upon completion and presentation of the major modules and working prototype.

Final Payment – 20%

Twenty percent (20%) of the total project cost shall be paid upon successful completion, turnover, and acceptance of the system.

7. REVISIONS AND CHANGE REQUESTS

The Client Team shall be entitled to reasonable revisions during the development period.

Any additional feature, modification, or enhancement outside the agreed scope shall:

- Require mutual approval by both parties;
 - May extend the project timeline; and
 - May be subject to additional charges.
-

8. OWNERSHIP AND INTELLECTUAL PROPERTY

Upon full payment and acceptance of the project, ownership of the source code, database, documentation, and related deliverables shall be transferred to the Client Team for academic and institutional use.

The Developer reserves the right to include the project in his or her professional portfolio and academic references.

9. CONFIDENTIALITY

Both parties agree to maintain the confidentiality of:

- Student records;
- User credentials;
- Source code;
- Database contents;
- Project documents; and

- Other sensitive information related to the Hi5 Portal.

Neither party shall disclose such information to unauthorized persons without prior consent.

10. LIMITATIONS OF LIABILITY

The Developer shall not be responsible for:

- Hardware failures;
 - Internet connectivity issues;
 - Third-party service interruptions;
 - Unauthorized modifications performed by individuals other than the Developer;
 - Data loss caused by improper use or negligence; and
 - Changes in school policies or requirements after completion of development.
-

11. WARRANTY

The Developer shall provide bug fixing and technical support for a period of **10 days** after final turnover, limited to issues directly related to the agreed functionalities of the system.

Enhancements and additional features requested after project acceptance shall be treated as separate work and may incur additional charges.

12. TERMINATION

Either party may terminate this Agreement upon written notice.

In the event of termination:

- Payments already made shall be considered compensation for work already performed and are non-refundable.
 - Outputs completed prior to termination may be turned over at the Developer's discretion.
 - Any unpaid balance corresponding to completed milestones shall remain payable.
-

13. ACCEPTANCE

By signing below, both parties acknowledge that they have read, understood, and agreed to the terms and conditions stated in this Agreement.
